

When your kitchen needs an update, but the cabinet boxes are still in good condition, custom drawer fronts and doors may be an option. Refacing is usually a cost-effective way to update or replace damaged doors and/or drawer fronts.

Call your local Chadwell Supply Territory Manager or the Renovations Department for help with your plan. If you don't see what you are looking for, just ask!

1 PICK YOUR DRAWER/DOOR STYLE & MATERIAL

SLAB

SHAKER

RAISED PANEL

ROUNDED RAISED
PANEL

Door Styles

- **Slab** – Made with a solid piece of material that is totally square or can have a simple outside edge detail added.
- **Shaker** – A popular, recessed panel style with simple squared edges and clean lines.
- **Raised Panel** – Style with the center panel that is higher or raised compared to the surrounding material. There are many profiles available for Raised Panel doors.

Door Materials

- Wood**
- Laminate
- Melamine
- MDF (Medium Density Fiberboard)
- RTF (Rigid Thermal Foil or Thermofoil)

**If wood is being requested in order to match existing cabinets, a physical sample of color is required so a custom stain can be made.

DO MORE THAN THE CABINETS NEED A REFRESH?

Check out the Renovations Idea Book for inspiration on your next upgrade.

Find suggested styles and looks to help turn a unit quickly while delivering outstanding ROI.
